

Whole Life Insurance Benefits

Whole Life Insurance can help protect your loved ones for your entire life, not just while you're working. Whole Life Insurance is permanent coverage you own; it can never be cancelled, even if your health changes.¹

Guaranteed Issue maximums are available in the employee's initial period of eligibility by answering "Yes" to the question ("Are you at work on a full-time basis, performing your usual duties?"). After the initial enrollment period guaranteed issue maximums are subject to change.

Additional features may help provide you with even more protection:

- Accelerated Death Benefit for Terminal Illness Rider^{3,5}** Automatically included in all policies at no additional cost. The Accelerated Death Benefit due to Terminal Illness Rider pays up to 80% of the death benefit amount (with any balance payable upon final claim). Conditions and restrictions may apply. Any outstanding loans will reduce the cash value and death benefit.
- Accelerated Death Benefit for Long-Term Care Rider^{4,5}** helps cover costs associated with a chronic illness, which can be expensive and are not typically covered by medical plans. You may elect to claim an accelerated death benefit if you become permanently or temporarily chronically ill, meaning you are severely cognitively impaired (such as Alzheimer's) or are unable to perform two of six Activities of Daily Living, such as bathing, continence, or dressing, without assistance. You must also be receiving qualified long term care services. This benefit can be used as you see fit while you are still living and reduces the benefit payable at death.

BENEFIT PAYMENT EXAMPLE

Sue Ellen was offered the ability to purchase a whole life certificate through her employer. She liked the idea of purchasing permanent life insurance coverage to provide for her children even after she retired.

Sue Ellen, age 40, purchased a \$50,000 certificate that would provide her with paid up insurance at age 70.

She dies during her working years at age 62 and her children are the beneficiaries of the whole life certificate.

100% of the insurance proceeds, \$50,000, is paid out to her children upon her death.
